## WEDDING DAY EXTRAS

### **Bridal Preparation £95**

A member of our team films the Bride and her wedding party prior to the ceremony, capturing the excitement of those moments that no-one else sees. The filming is as low-key and unobtrusive as possible. A great way to show the buildup of your day.

### **Groom and Best Man Shadowing £95**

We can film the Groom and his Best Man preparing for the big day for up to 2 hours prior to the ceremony. This tends to be a more low-key shoot than for the bride, but can be a great counterpoint to the bridal preparation footage if you are including this on your package.

### **Guest Messages £50**

Let your guests offer you their personal video message greetings during the evening. We can also accommodate email wishes and telegrams which can be added into the finished DVD.

### **Extended Late Shoot £75/hr**

Our videographers stay with you beyond your First Dance or package finish time.

## EDITING EXTRAS

### **Short Montage Edit £75**

A selection of highlights from the day (10–15 minutes long) included on the main DVD. This edit is a nice balance between the single-song highlights edit which is included as standard, and watching the full DVD – perhaps something you'd show friends if they popped round.

### **Separate 'Highlights' DVD £100 for 3**

Shortened version of the DVD (30-45 mins) designed for guests to order during or after your Wedding Day. This DVD is ideal as a gift for the Best Man and the Bridesmaids as a personal 'Thank-you' from the Bride & Groom.

### **Music Video Edit £75**

A stylized and generally upbeat video set to a music track of your choice – something that captures the essence of the day but in a more unusual way than the standard highlights edit.

### **Photo Montage £65**

We include any photos you would like to provide and present them as a slideshow on the DVD. These may be photos taken by guests and family during the day, photos of the couple growing up, or even the best memories of your honeymoon. These are cleaned up in Photoshop where appropriate to improve their aesthetic.

This montage can be arranged as the introduction to your DVD, or as a standalone chapter.

We can also include any other video footage that you may have filmed, please ask for prices.

### **Extra Main DVD copies £20 each, discounted in bulk**

These can be ordered prior to your wedding or for up to 12 months afterwards.

All prices are all-inclusive and VAT is not payable.

A non-refundable £250 deposit is payable at the time of booking.

## A Selection Of Our Customer Testimonials

Just a short note to tell you that we are SO pleased with the video! You captured all the important moments, and added superb little touches to make it more than just footage. The music, hi-speed bits and overall editing were all great. Thanks so much for all your hard work and creativity.

*Kate & David, 7th May 2011*

Thank you so much for our wedding video which we received yesterday, it is brilliant! We thoroughly enjoyed reliving our day and you have captured everything perfectly and used our music choice brilliantly! We were so wary of having a video but it captures all the little things missed on the day and leaves us with a great record of memories and something to look back on for each anniversary! We love the personal touches you have put in also (e.g. bagpipes and quartet etc) - just perfect! Thanks for all your hard work on it, we are really pleased with the results.

*Stuart & Vicki, 3rd July 2010*

You captured so much of our special day - it was wonderful to re-live it. So wonderful we watched it twice! We both felt it was superbly edited, and loved the creative shooting angles and little touches you included. We also thought the music soundtrack worked so well. All in all, a very high standard indeed.

*Kirsty & Gary, 7th May 2010*

The wedding video is perfect and I have watched it so many times!! It truly captures the day, reminding us of parts we may otherwise not have remembered and providing views of things we just would not have been able to see on the day!! Thank you so much for your professionalism and the way you blended in on the day and thank you also for staying on for an additional hour to capture the fireworks and evening party. The shots you obtained with Paul and I in the foreground and the fireworks overhead are stunning, timed perfectly to the 1812 Overture!!

*Karen and Paul, 1st May 2010*

Your team was so effective and discrete during our wedding day that we did not know they were there. The result is beyond our expectations, with the capture of all key moments, a good mix of everything happening, subtle editing, and a great choice of music for each chapter. THANK YOU so much to you and your colleagues for enabling us to keep this magical day alive for the rest of our lives.

*Laure & Colin, 24th October 2009*

You did an outstanding job. We are completely delighted; thank you very much. You are clearly very talented and excellent at your job. The end result is fantastic. I would not hesitate to recommend you to all my friends and family.

*Charlotte & Anthony, 17th July 2009*

Wow. The wedding DVD was absolutely fantastic! It captured all the emotion of the day, all the best bits and all the parts Michael and I didn't get to see. You all did a brilliant job, it is more than what we could have hoped for. The style of filming, the shots you took and the creativity are phenomenal, you really were all outstanding to produce such a high quality wedding dvd that I have seen in a long time.

*Michael & Antonietta, 13th September 2008*

The service that was offered was impeccable from start to finish. Their professionalism was outstanding and the end product bought a tear to many eyes! We would highly recommend them to anyone who wants their wedding day to be captured with the utmost style and sophistication.
